OEM GLASS CLEANER

Product Lineup

- OEM Glass Cleaner 400ml
- OEM Glass Cleaner 4L
- OEM Glass Cleaner 18L
- OEM Glass Cleaner 20L

1. Product Concept

This product is a professional-grade glass cleaner formulated with alcohol for fast drying and a streak-free finish.

It delivers a clear and uniform result with just one wipe, significantly reducing work time while maintaining high finish quality.

Designed for professional use, it offers excellent cost efficiency and stable performance, making it widely suitable for detailing shops and automotive-related work environments where speed and consistency are required.

2. Composition & Key Features

- Type: Fast-drying glass cleaner (alcohol-based)
- Form: Liquid
- Recommended Usage Amount: Approx. 4 ml per vehicle
- Applicable Materials: Automotive glass, mirrors, headlight covers
- Finish: Clear, streak-free surface

Key Features

- Alcohol-based formulation ensures rapid evaporation
- Designed to minimize white residue and wipe marks
- Effectively removes fingerprints, oil film, and light tar residues
- High cleaning performance with minimal product usage

3. Performance & Characteristics

Fast Drying

Alcohol content promotes rapid evaporation immediately after wiping, improving work efficiency.

Streak-Free Finish

Balanced formulation suppresses haze and streaking, restoring glass transparency.

Cleaning Performance

Quickly dissolves oil film, fingerprints, nicotine residue, and light contaminants.

Cost Efficiency

Low usage volume per vehicle enables efficient cost control for professional operations.

Safety

Formulated specifically for glass applications when used as directed.

4. Recommended Application Areas

- Windshield (interior and exterior)
- Side windows (interior and exterior)
- Rear glass (interior and exterior)
- Door mirrors
- Headlight covers

5. Application Method

1. Spray the product directly onto the glass surface.
2. Wipe immediately with a clean, dry, or slightly damp microfiber cloth before it dries.
3. If overspray contacts plastic or rubber parts, wipe it off immediately.
4. Suitable for both interior and exterior glass surfaces.

6. Precautions During Application

- Do not use under direct sunlight or on hot glass surfaces.
- Due to rapid evaporation, wipe immediately after spraying.
- If the product contacts plastic or painted surfaces, wipe it off promptly.

7. Summary of Product Properties

- Product Type: Fast-drying glass cleaner (alcohol-based)
- Form: Liquid
- Usage per Vehicle: Approx. 4 ml
- Applicable Materials: Automotive glass, mirrors
- Application Difficulty: Low
- Country of Origin: Japan

8. Remarks

- Designed exclusively for glass surfaces. Do not use on navigation screens or plastic display panels.
- Cleaning performance may vary depending on surface condition and contamination level.
- This document is based on internal testing and actual use data; performance is not guaranteed.
